Spring 2007

Admin of Justice, Alcohol & Drug Studies

ADMIN OF JUSTICE PROGRAM

The IV Press published a story on IVC's AJ program. Instructor Kelli Florman stated that the AJ degree gives students a rounded knowledge about the field and may lead to higher pay and quicker promotions. The article said the CA Dept. of Corrections employs more peace officers than other law enforcement agencies in the nation.

Business

OFFICE TECHNOLOGIES

The Business Division honored 20 students receiving certificates and degrees in Office Technologies at a breakfast celebration in June.

SCHOLARSHIP WINNER

Elizabeth Portales just graduated with a degree in Business Administration. She received the Business Division Award. She also won the Hutchinson Bloodgood Accounting Scholarship and was offered an internship with the firm.

CIS

A new networking course will be offered in the Fall 07. The growing business base in Imperial Valley has increased job opportunities in the area of information technology.

Child, Family, and Consumer Sciences

PRESCHOOL & INFANT TODDLER CENTER

Preschool and Infant Toddler Center services are available for IVC students (restrictions apply). Call 355-6232 for more information.

Industrial Technology

BUILDING CONSTRUCTION

A Building Construction class poured concrete as part of a lab project that will be used in the Industrial Technology Division. Students got hands-on experience in learning methods of pouring and finishing concrete.

AIR-CONDITIONING

AND REFRIGERATION

The ACR Dept. acquired an updated refrigeration lab simulator. It will be integrated in the students' training for hands-on experience.

Nursing, Health, & EMS

ASSOC. DEAN OF NURSING

Kathy Berry has been hired as the IVC Vice-President of Academic Services. She has done an excellent job as Assoc. Dean of Nursing and she will be missed in the division. But we welcome her in this new position and wish her the best.

Apprenticeships

SPRING 2007

36 apprentices completed Electrical Trades apprenticeship courses this semester (spring 2007). We are expecting over 40 apprentices this fall 2007.

Community Outreach

BUSINESS SHOWCASE

The Business Showcase was held on January 18th and was well-represented by various IVC employees from different departments. Thanks to all who volunteered to provide information to the public!

MID-WINTER FAIR

The Mid-Winter Fair was held from March 2nd-11th. We would like to thank all of the employees who volunteered their time and efforts at the IVC booth.

APPLIED SCIENCES EXPO

The Applied Sciences Expo was held on April 26th. We had over 65 presenters, including representatives from various industrial technology companies, law enforcement agencies, and medical organizations. Many local schools brought more than 1200 students to attend this event as a fieldtrip. Students were able to get a glimpse of numerous career opportunities that they might not have thought of previously. Our presenters did a great job meeting our goal of communicating that “an investment in education is an investment in success.”

Other News

MULTIPLE GENERATIONS WORKSHOP

Gonzalo Huerta organized a workshop called “Multiple Generations in the Teaching and Learning Environment and Curriculum Development and Implementation to Accommodate Generational Insights and Generational Dynamics.” He spoke on generational differences and on how they influence teaching, learning, and curriculum development.

NEW BABIES

Joe Espinoza is now the proud father of a baby girl, Itzel, who was born in February. Congratulations, Joe!!!

Frances Arce-Gomez had her second baby boy, Josiah, on May 15th. Congratulations, Frances!!!
