- I. **Call to Order**
The meeting was called to order by Andres Martinez at 12:05 p.m.
- II. **Welcome**
Andres Martinez welcomed the committee and explained the purpose of the committee. The Committee took turns introducing themselves and their positions.
- III. **Computer Related Programs at IVC**
Andres showed the Committee the courses we currently offer for Computer Information Technology, Computer Networking, and Cybersecurity.
- IV. **New Cybersecurity Program Overview**
The new Cybersecurity Program was presented to the committee that will be offered Fall 2022. Andres Martinez explained each of the courses that will be offered within the program.
Walid Ghanim mentioned that the Computer Science department has an introduction course already for UNIX/LINUX.
- V. **Course Overview**
Andres Martinez went over and showed the committee the courses for each of the programs that we offer.

- VI. **Program Feedback, Changes and Recommendations**
There was a recommendation to have a class on all operating systems.
- VII. **Articulations with 4-year College & Universities**
Andres Martinez mentioned the articulations that IVC have and will be trying to pursue with 4 year Universities like SDSU and Arizona.
- VIII. **Industry Certifications**
Jesus Nieblas mentioned that for IID they require experience, a certification from IVC would be a plus like CISSP, Cyber plus, and computer science and engineering degrees are required.
- IX. **Chair Selection**
No selection at this time.
- X. **Other**
No other comments at this time.
- XI. **Next Meeting**
Next meeting is tentative for Spring 2022.
- XII. **Andres Adjourned the meeting at 1:02 PM**
