I.THE MEETING WAS CALLED TO ORDER BY JOSE VELASQUEZ at 12:05 P.M.

II.<u>WELCOME</u>

Efrain Silva welcomed all members in attendance.

III.INTRODUCTIONS

All members present introduced themselves.

IV. Approval of Minutes from September 20, 2021

M/S/C: Scott Howington/Carlos Martinez to approve the minutes of September 20, 2021.

V. Review of Industrial Automation Pathway & Course Outlines

Dean Silva went over the Industrial Automation pathway and each course outline that is in the program with the committee.

Familiarize with the equipment that will be used in Industrial Automation out in the industry many different types of equipment and technology.

Electrical wiring is a high must as well as programming.

Enrollment is really low for the program possibly could be the title of the program not interpreted to students.

Recommended to incorporate the EWIR 110 into the Industrial Automation program certificate.

M/S/C: Daniel Hawk/Henry Ramirez to approve the addition of EWIR 110 course to the Industrial Automation program.

VI. L2L Ag Grant

Richard Luna explained to the committee about a new Ag grant called Learning to Lead that will allow students the opportunities for scholarships and paid internships in the agriculture industry.

This grant will be spread out through 5 years.

Transfer to U of A or Monterey Bay for a Bachelor's Degree.

Looking for internship sites for students.

November 3rd there will be a workshop for students.

VII. <u>Development of Bachelor's Degree Program</u>

We are in the process of creating a Bachelors program for Industrial Automation.

VIII. Articulation with University of Arizona Precision Agriculture

Units would need to be added to the program.

Providing the first 2 years towards the bachelor degree at U of A.

IX. Visit to Hartnell College

The committee was informed that a few faculty and Mr. Silva will be visiting the college in January.

X. Career Services Center

Jazmin explained to the committee about the career services center and what they offer as far as internships, resume building, mock interviews, presentations in classrooms, onsite recruitments.

Marciela Moreno explained what her role is as an internship coordinator to the committee.

XI. Employer Engagement

Genaro Ayala explained to the committee his role as a job developer and how he can help industry with hiring students. Pre-screening and interviewing first before bringing them to industry. Different programs with wage subsidies for employers.

Miguel Guiterrez explained to the committee his role and how he can help build the connections between the college and industry. Outreaching for advisory meetings.

XII. INDUSTRY INPUT

No other comments at this time.

XIII. OTHER

Ag and automation program will have a few students interning for the robotic weeder machine.

XIV. MEETING WAS ADJOURNED BY JOSE VELASQUEZ AT 1:02 P.M.
