Notes

The Nursing program does not accept 1-semester Anatomy and Physiology (e.g. SWC BIO 190) courses designed for other specialized health programs. Students are encouraged to meet with a Counselor to review program prerequisites and degree requirements. Current students can schedule an appointment by visiting the Counseling "Online Appointment System". Alternatively, current students can get quick questions answered by using the "Email a counselor" service.

Students should visit the Grossmont Nursing Program website to review admission, TEAS and FAQs related to the application and admission to the program.
